

# Gale Virtual Reference Library

<http://www.gale.cengage.com/gvrl/>

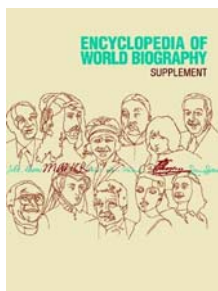

SENYLRC offers three Gale Virtual Reference Library (GVRL) titles at no charge to libraries.

*Encyclopedia of World Biography*, 2<sup>nd</sup> Edition, 23v, 1998; Published by Gale

Here's what you'll find in this biographical reference source:

- Thousands of high-resolution photographs -- designed to produce clearer photocopies.
- Updated entries and bibliographies -- includes new developments since the last edition as well as newly discovered facts and interpretations of historical figures.
- Easy-to-use page format -- straightforward reference to satisfy students and patrons.
- Multi-access, consolidated index -- makes it easier to search than ever before.

Supplements to the *Encyclopedia of World Biography* are also part of this package.

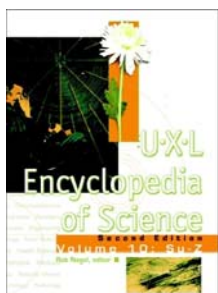

Each annual supplement to the *Encyclopedia of World Biography*, 2<sup>nd</sup> Edition, contains 200 biographical entries new to the set. Each volume included a balance of historical and contemporary figures who, like those appearing in the *Encyclopedia of World Biography* base set, have made a significant contribution to human culture and society. Entries offer an in-depth biographical essay approximately 2,000 words in length, as well as a bibliographical section, which may include books, periodicals, or online websites to consult for further research. Many entries include a portrait of the individual.

Vol. 24, 2<sup>nd</sup> ed., 2005

Vol. 25, 2<sup>nd</sup> ed., 2005 **NEW**

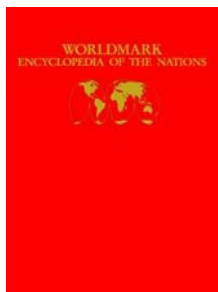

Vol. 26, 2<sup>nd</sup> ed., 2006 **NEW**

Vol. 27, 2<sup>nd</sup> ed., 2007 **NEW**

*U\*X\*L Encyclopedia of Science* 2<sup>nd</sup> Edition, 10v, 2002, Published by U·X·L

The perfect guide to use in conjunction with U·X·L's other science references; the *Encyclopedia of Science* fills in all the gaps in your students scientific study. Entries demystify the theories, life forms, inventions, discoveries, history, people and objects that make up the world of science. Entries contain informative sidebars that highlight information of interest to students and illustrations, photos and technical drawings that help enlighten scientific subjects. A glossary of commonly used scientific terms and a cumulative subject index in each volume round out this comprehensive resource.

*Worldmark Encyclopedia of the Nations* 11<sup>th</sup> Edition, 6v, 2004, Published by Gale

The *Worldmark Encyclopedia of the Nations* presents easy-to-understand information on countries and dependencies from around the world.

## Access

- These e-books are listed with the GVRL titles that are part of the New York State funded NOVELNY collection. If you do not see them listed, please call SENYLRC.
- Direct URLs for each GVRL title and MARC records are available.
- Contact Tessa Killian by email ([killian@senylrc.org](mailto:killian@senylrc.org)) or telephone (845-883-9065) at SENYLRC.

*The Southeastern New York Library Resources Council is pleased to offer libraries this subscription to the Gale Virtual Reference Library. The Technology Review & Advisory Committee (TRAC) selected this resource to subsidize with RBDB funds.*
