

# Outcomes of Research Requests in Hospital Library Settings

A Pilot Study in Three Different Hospital Libraries

Who we are and and Where we work:

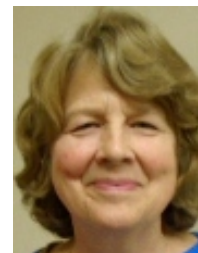

Mary Jo Russell, Knowledge Resources Librarian  
Vassar Brothers Medical Center / Nuvance Health (NH)  
Poughkeepsie, NY  
Bed size: 628  
4-Hospital System  
vbmclibrary@gmail.com

Frank Appell, Medical Staff Library  
Good Samaritan Hospital, Suffern, NY (GSH)  
Bed size: 268  
Main Hospital  
frank\_appell@bshsi.org

Maryallison Farley, Hospital Librarian  
Ellenville Regional Hospital, Ellenville, NY (ERH)  
Bed size: 25  
Critical Access Hospital  
library@erhny.org

## What:

Pilot Study to capture outcomes of research requests in a comprehensive and systematic way

## How:

- Create categories of requests
- Track research requests across three hospitals in three different settings
- Compile and compare outcomes

## Why:

To ascertain if there is consistency in the outcomes of research requests across disparate hospital library settings

# Chart Title
