Keeping Contact Information Up to Date

As we head into the holiday season, it's a good time to check the contact information in your SEAL account to make sure everything is accurate. See below for some tips on how to update this information as needed.

Emails: Has your personal work email changed? Do you want the lending requests for your library sent to a different email? These can be easily updated from within SEAL.

To update the email affiliated with your personal SEAL account (where emails relating to any requests you place will be sent), you can log in and select the **User Profile** option that appears under the **Edit Profiles** heading in your account. You can key in a new email here as needed (just remember to hit **save** at the bottom of the page!)

If you ever need to update your library's lending email (where all lending requests will be sent), select **Library Profile** and change the "Library ILL email." Click **submit** on the bottom of the page to save any changes you make to the profile.

Addresses and phone numbers: If any of your library's contact information has changed, such as the phone number or address, you can also update this from within the **Library Profile**. Any changes made here will be automatically reflected in your library's entry in the SEAL directory.

SEAL Webinar Recordings

Our three-part webinar series is over! Thank you to everyone who attended. Recordings from each of the three trainings can be found on the Training Videos tab of the SEAL Libguide. Click the links below to view recordings from specific training sessions.

Best Practices for Inter-library Loan

Exploring the SEAL Catalog

General Inter-library Loan News

• RUSA STARS (ALA's ILL section) is hosting a discussion group on **November 12** at 11 am. This group will focus on accessibility in resource sharing, with a particular emphasis on the upcoming Title II requirements and PDF remediation.

• The Re-thinking Resource Sharing Initiative (RRSI) has started an online journal for ILL Practitioners. The journal--RRSI Bulletin--is "a space where all things resource sharing and access to information can be published - from conference reports to workflow 'recipes' to extended research projects." More information on the journal can be found on the RRSI site.

• OCLC is seeking input for next year's RSC27 conference. They currently have a survey open where ILL practitioners can vote on the particular topics they would like to see covered in next year's conference. OCLC is also seeking volunteers to serve on next year's programming committee. The survey will remain open until **October 30**.

All newsletter issues will be archived on the SEAL libguide, accessible here. Email Kelsey@senylrc.org with any and all SEAL questions, comments, or concerns!
